

Hybrid DCT Portfolio					
lccchybridcdts@med.unc.edu					
Protocol	Status	Trial Name	PI/SC	Trial Details	Slots
LCCC 1829 (HARMONY)	Open!	Harnessing Analysis RNA expression and Molecular subtype to Optimize Novel Therapy MBCA	<a href="#">L Carey/Terri Eubanks</a>	Vendor Agreement Test w/ Rex <b>Key Eligibility:</b> Metastatic Breast Cancer on OR before first line of therapy <b>Note:</b> Blooddraw at baseline and every 6 months	
LCCC 2104	Open!	Compare Adjuvant Monotherapy w Endocrine or Accelerated Partial Breast Irradiation After Lumpectomy	<a href="#">D Casey/Cory Greenwood</a>	<b>Key Eligibility:</b> women >65, ER+ Her2- IDC grade 1 or 2 <b>Note:</b> Randomization, survey study	
LCCC 2323	In activation- PRC Approved	Dara-RVd Induction for newly diagnosed multiple myeloma with autologous stem cell transplantation	<a href="#">S Rubinstein/ Brice Messenger</a>	Treatment trial with visits at UNC & Locally <b>Key Eligibility:</b> age>18, measurable MM, eligible for autologous STEM cell transplant, no previous full line of therapy (>28 days)	
LCCC 2239	Amendment in Process/In Development	Pharmacologic therapies to mitigate radiation-associated heart disease	S Sud/ SC not yet assigned	1st trial requiring oral drug shipment to participants <b>Key Eligibility:</b> - thoracic, spine, mediastinal, abdominal or chest wall malignancy - anticipated to receive at least >=25gY equivalent dose in 2Gy fractios to at least 10% of heart	

LCCC 2250	Amendment with the IRB	GRID Therapy for Extremity Soft Tissue Sarcoma	T Yanagihara/ Claire Kowalczyk	<b>Key Eligibility:</b> >=18 years old -soft tissue sarcoma diagnosis -care plan must include pre-operative conventionally fractionated XRT and complete surgical resection -no prior radiotherapy to tumor	
LCCC 2419	In early development	Novel Olanzapine Use For Radiation-Induced Nausea, Anorexia And Weight Loss In Patients With Head And Neck Cancer (NOURISH): A Randomized Controlled Trial	S Chen/ SC not yet assigned	<b>Key Eligibility:</b>	
LCCC 2412	In early development	Molecular residual disease assessment in a diverse population of patients with early-stage breast cancer	Y Abdou/ SC not yet assigned	<b>Key Eligibility:</b>	
TBD	Just received award	PSMA-PET Directed Stereotactic Body Radiation Therapy in Oligometastatic Castrate-Resistant Prostate Cancer	S Sud/ SC not yet assigned	Novant Capacity Building Grant <b>Key Eligibility:</b>	
TBD		PROGRESS: Precision Oncology using Genomic Reflexive Evaluations for Study Selection	C Lee/ SC not yet assigned	<b>Key Eligibility:</b>
