I. Allegation of the grounds for the order sought

Title III Section 410(A) allows the full Student Supreme Court to issue an injunction of an election or, if time is too short, Section 410(B) allows the Chief Justice to do so acting alone. Title VI Section 316(F) also allows the Court to postpone the certification of the results of an election pending the outcome of an investigation.

II. The order sought

The Plaintiff respectfully requests that the Court either issue an injunction of the Tuesday, February 8th election or postpone the certification of its results until this legal question is resolved.

Respectfully submitted,
