Chris,

Thanks for speaking with me tonight. I would like to formally request you investigate Speaker Pro-Tempore Connor Brady for a misfeasance of duty and malfeasance of duty. In regards to the misfeasance charge, Connor mishandled procedure on SCB-94-242. In a motion to vote on voting for the bill, Connor accepted a simple majority as enough for Congress to move forward to the vote. In the standing rules, 2/3 of the vote is required to pass a motion to vote on the bill.

In regards to the malfeasance of duty, I refer to content he provided in an email sent by Michael Braxton (subject: Evidence of Discrimination). The conversation was of a private nature (via Facebook) and was intended to harm me amongst my peers. This fits in the definition of malfeasance "Misconduct or wrongdoing, especially by a public official" ([dictionary.com](http://dictionary.com)).

Best,

Austin Root  
District 3 Representative  
94th Student Congress
