Hey Chris,

Here's my formal complaint to be read to the committee:

I would like to request an ethics investigation of Speaker Pro-Tempore Connor Brady. I believe his incorrect handling of procedure during Full Congress on March 5 for the motion to vote on SCB-94-242 constitutes a misfeasance of duty. Furthermore, I believe his dissemination of private information and the harassing nature of the information constitutes a malfeasance of duty.

Thanks,

Will
