Justices,

The RHA has been working diligently to make the proper adjustments to the RHA Constitution and Bylaws per the Court's order. The RHA, with support from Carolina Housing, is committed to making the necessary improvements to the Community Government process. Below is a statement from the RHA that I am sending on their behalf. Please let me know if there are any questions!

We have received and are working through the considerations of the decree provided on December 19th. We are still in the process of meeting with our organization as members return from winter break and start spring classes. Based on the timing of communication during the transition between semesters and the essential nature of the subject matter, we are unable to meet the one-month deadline. This semester, it is our priority to review this information and implement a thoughtful and intentional process to make improvements in our organization. Additionally, we look forward to continuing work already begun with Dean to meet the goal of having a functional community government for the Connor Residential Community.

Best,

Austin Pardue
